

Continuation Insurance

GTA/GRAs who have had health insurance through the GTA/GRA health insurance plan, may pay for continuing coverage for a maximum of up to 18 months due to loss of appointment. The GTA/GRA has a right to choose to continue benefits as long as the Kansas Board of Regents maintains a plan with United HealthCare Student Resources (UHCSR). The insured GTA/GRA must exercise this right within 60 days of termination of appointment.

The application form and applicable premium should be mailed to UHCSR at the address given in the Payment Instruction box. Please keep in mind:

1. Premium is subject to change each August 1st
2. UHCSR will NOT send premium reminder notices
3. It is the student's responsibility to send premium payment to UHCSR so that UHCSR receives the payment on or before the first of the month for which insurance is being purchased
4. Premium can be paid in advance. However, UHCSR will NOT refund unused premium should insurance be terminated early
